

# FAR WORKSHEET #1

PILOT NAME: \_\_\_\_\_

Answer the following questions using the FAR's (no AIM) and list where you found the reference for your answer. The answers will be found in chapters 1, 43, 61, and 91. I highly recommend that while you complete this worksheet you keep a highlighter and sticky notes handy to make note of the prominent ones in your FAR/AIM. Enjoy!

List the title of Chapter 1:

\_\_\_\_\_

List the title of Chapter 43:

\_\_\_\_\_

List the title of Chapter 61:

\_\_\_\_\_

List the title of Chapter 91:

\_\_\_\_\_

## FAR Reference

1. \_\_\_\_\_ - Is it legal to drop objects out of a plane?

\_\_\_\_\_

\_\_\_\_\_

2. \_\_\_\_\_ - How long are 1st, 2nd, and 3rd Class Medicals good for?

\_\_\_\_\_

\_\_\_\_\_

3. \_\_\_\_\_ - Pilots are entitled to accomplish preventive maintenance. Are pilots allowed to replace prefabricated fuel lines? How about re-tipping wood propellers?

\_\_\_\_\_

\_\_\_\_\_

# FAR WORKSHEET #1

4. \_\_\_\_\_ - Pilot in command means the person who: (not the 91.3 definition)

---

---

---

---

---

5. \_\_\_\_\_ - Night means:

---

---

---

6. \_\_\_\_\_ - While acting as PIC, you encounter an emergency that requires you to break rules in the FARs. Is there anything in the FAR's that addresses how the FAA will hold you accountable for choosing to break the rules?

---

---

---

7. \_\_\_\_\_ - What are the minimum flight visibility and cloud clearance requirements for being able to receive a Special VFR clearance?

---

---

8. \_\_\_\_\_ - Can you request a Special VFR clearance at night? Assuming you can, does your aircraft have to be equipped in any particular way?

---

---

9. \_\_\_\_\_ - What are the fuel requirements for flight in Day VFR? Night VFR?

# FAR WORKSHEET #1

---

10. \_\_\_\_\_ - While enroute on a VFR Flight, with a magnetic course of 220°, what would be some examples of appropriate cruising altitudes?

---

11. \_\_\_\_\_ - What aircraft has right-of-way over all other aircraft? List the order of priority for the rest of the aircraft when it comes to right-of-way rules.

---

12. \_\_\_\_\_ - The Space Shuttle is returning from orbit directly overhead where you are planning to do touch-and-goes. It will obviously be well above you, but, can you conduct touch-and-goes? How will you know that the space shuttle is returning?

---

13. \_\_\_\_\_ - You are contacted by a candidate for the Presidency. He/she is going to be campaigning in your area and wants you to fly them 126nm North to where they will land, speak, and return back. They want to pay you. Can you receive payment for this?

---

14. \_\_\_\_\_ - What are Class G weather minimums at altitudes above 10,000' MSL and assuming above 1,200' AGL?

---

15. \_\_\_\_\_ - The Annual Tournament of Roses Football Game would be fun to fly over. Can you?

# FAR WORKSHEET #1

---

16. \_\_\_\_\_ - When operating below 18,000' MSL, your altimeter should be set to a station that is currently withing \_\_\_\_\_ NM of the aircraft and along your route.

---

17. \_\_\_\_\_ - The rating you are currently training for has some aeronautical experience requirements listed somewhere in the FAR's. Where is that for you?

---

18. \_\_\_\_\_ - A Flight Review consists of a minimum of how many hours of flight training and ground training? To maintain your PIC privileges, you must have a flight review within the last how many months?

---

---

19. \_\_\_\_\_ - After receiving your Private Pilot License, all of your flight time in a Cessna 150, you decide you want to fly a Super Cub which is a tail-wheel airplane. Are you legal? If not, what training is possibly required?

---

---

---

20. \_\_\_\_\_ - How long is a Student Pilot Certificate good for? 3rd Class Medical Under 40?

---

- Are Student Pilot Certificates usually combined with Medical Certificates?

---

- If it has been 26 months since obtaining your Student Pilot/Medical Certificate, do you need a new piece of paper?

---

# FAR WORKSHEET #1

21. \_\_\_\_\_ - Is it legal to fly at 501 feet above downtown Portland, Oregon? (Ignore anything to do with airspace for this question.)

---

22. \_\_\_\_\_ - In flight, turning from base to final, you observe a flashing red light coming from the control tower. What does this mean?

---

---

23. \_\_\_\_\_ - Oxygen is required at all times for the required minimum flight crew in non-pressurized aircraft starting at what altitude?

---

24. \_\_\_\_\_ - Is it possible that some aircraft in Alaska may be allowed to operate at up to 115% of their maximum weight?

---

25. \_\_\_\_\_ - You just purchased your Citabria with inverted fuel tanks and wish to perform some aerobatic maneuvers. How many nautical miles from the center line of any Federal Airway must you be before conducting loops, barrel rolls, and the like?

---

26. \_\_\_\_\_ - At what percentage of their useful life of charge must the batteries of an ELT be replaced or recharged?

---

27. \_\_\_\_\_ - Is an oil temperature gauge for an air-cooled engine required for Day VFR flight?

---

28. \_\_\_\_\_ - You own your own aircraft. Is an electric landing light required for this aircraft flying in Night VFR? What if you decide to rent it out for people to conduct flight training in?

---

---
